

Operations Manager

The Durham Farmers' County Co-op started on July 28, 1947 by a group of rural people to provide a consistent supply of products and services at a competitive price. From an agricultural base, Durham Farmers' has expanded to be a major supplier of consumer goods and services. A co-operative is controlled by the people it services. Its profits are reinvested into the co-operative or community directly benefiting its members.

Our Co-operative is inviting resumes for the position of Operations Manager. Under the direction of the General Manager, you will assist the General Manager in providing leadership and direction to the employees and oversight of the business operations, equipment and facilities. ensuring the financial health, well-being, image and profitable growth of the co-operative consistent with plans, policies and practices adopted by the board.

Requirements will include:

- Proven supervisory, interpersonal, organizational and business planning skills.
- Demonstrated ability to develop and recommend business strategies in support of the goals and objectives of the Co-operative
- Knowledge and understanding of accounting and budgeting processes and applications.
- Knowledge and understanding of marketing, finance and general operations.
- Retail Management Experience.
- 5 or more years of experience in leadership and management capacity

Understanding of the agricultural industry, especially relating to feed and agronomy, would be an asset.

For confidential consideration, qualified candidates are invited to submit their resume and cover letter end by of day 15 February 2023.

Please email your resume directly to Elaine Watson, General Manager, at dfcc-elainegm20@start.ca
